

Pin3D Hyper Image:

Mobilizing A Smart

City. Douglas Wang,
Founder/CEO, Pin3D
2016.01.25

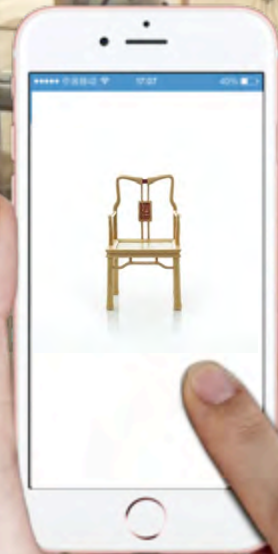

Since 2014, Douglas Wang has started Pin3D, a revolutionary tool to create and share 3D hyper images across all software platforms and devices. Pin3D empowers human to communicate ideas in a structured visual format, and empowers business applications in a brand new way.

Member of AIM Japan, Registered Graphic Designer (Ontario, Canada), WACA (World Association of Chinese Architects), IxDA (Interaction Design Association), UPA (Usability Professional Association)

“A picture is worth of a thousand words.”

Mobile users requires greater control over the content at their finger tips.

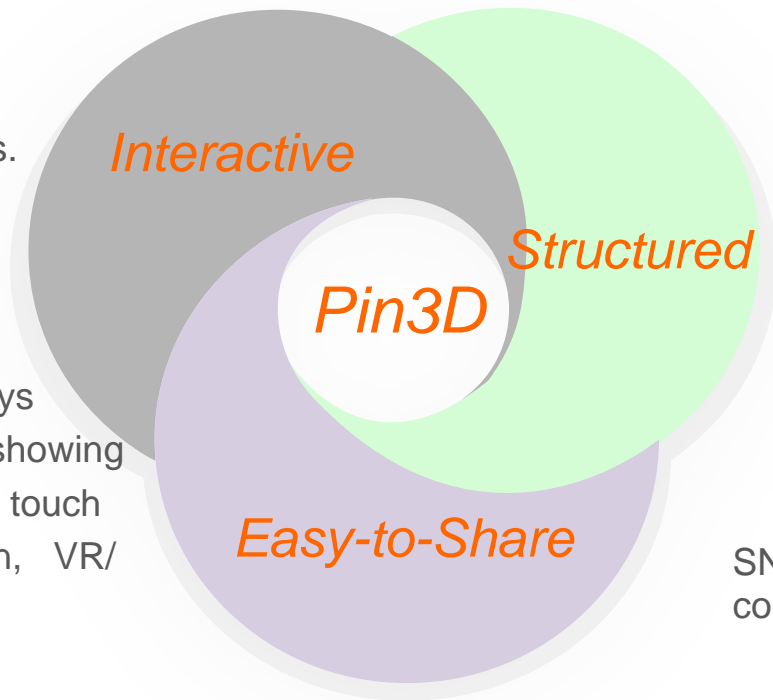

Image is everything for e-commerce.

A structured visual format is needed to deliver the full message.

Various screens and displays require a single format for showing HD interactive images, e.g. touch screen, hologram projection, VR/AR glasses, etc.

SNS becomes the main battle filed corporate marketing and sales.
