

Session 4 update

Presented to TC100 AGS
25 October 2011

AGS Session 4:
Smart grid, LVDC and
the EE related issues

- No volunteer and proposal after the call for volunteer.

- **Smart Grid**
 - HEMS monitor
 - ✓ Remote UI
 - ✓ Remote Access
 - ✓ Captioning
 - HEMS coexistence/interoperability
 - ✓ Harmonization of ECHONET/ZigBee/KNX and others
- **LVDC**
 - Requirements for AV product
 - ✓ Voltage
 - ✓ Connector

- Plan to have a brainstorming session by all attendees after detail update of SG3 and SG4.
- Let's discuss what TC100 can contribute in these area!
