

Study Session – Robotics –

- History:
 - Since AGS meeting in London on 2013, this topic has been discussed
 - However, hasn't received positive support from AGS members.
- Observation:
 - This topic is interesting, however, difficult to find standardization portion because the robotics technology itself is under development.
- Action
 - Call for Expert
 - Expand to ANYONE who wishes to contribute to this discussion
 - AGS members are encouraged to nominate experts to the SS7 leader
 - Email: inokuchi.toshihiro@jp.panasonic.com
 - Expect to have the first web meeting on 2015-01.
