

SS7 – Robotics

◆ Status Update

More ONE member is required to start Study Session 7 activity.

- Phase: Call for member
- Leader: Toshihiro Inokuchi (Interim Leader, until launch of SS7)
- Current member: Ms. Wang Li (CN)

◆ Possible application of Robotics

- Trend:
 - Recent KEY WORD for Robotics are;
 - ✓ AI, Autonomous
 - ✓ IoT
 - Application;
 - ✓ Manufacturing, **Healthcare**/Medical, Infrastructure, disaster recovery, Construction, Agriculture
- Future Standardization Point:
 - Not sure what can be standardized regarding with AI nor Autonomous.
 - Regarding with IoT, following items may be able to standardize.
 - ✓ Communication protocol
 - ✓ Network Architecture
 - ✓ Need to investigate whether existing IoT technology can be applied or not.
